

Oncology Social Work Australia New Zealand & Psychosocial Oncology New Zealand present:

Kotahitanga. Connection, Collaboration

In person conference and workshop

Wellington, New Zealand
9th, 10th & 11th November 2023

Naumi Hotel & Conference Centre

Workshop: 8th November
(further details to be announced)

ABOUT OUR THEME:

Our theme celebrates the idea that with the right guidance, everyone working in cancer care can make a difference to the life of someone with cancer and their whānau, no matter what their training or speciality.

With a focus on kotahitanga, collaboration and connection, participants can expect to learn about the patient and whānau experience, develop new skills in providing supportive care, and and enhance their practice in pursuit of psycho-social wellbeing.
